I have attached a copy of my flip book so you can use it as a guide to finish yours. Remember that it will be due on the day of the test on Classification. The test will be given Thursday of next week.

The characteristics that you need to find for each kingdom are as follows:

- Are the organisms eukaryotes or prokaryotes?
- Are they unicellular or multi-cellular?
- Do they reproduce sexually or asexually?
- Are they autotrophs (produce their own food) or heterotrophs (consumers)?
